

VISION 2020 - A PERSONAL PERSPECTIVE GENETIC TESTING

Thursday, September 1, 2016, 17:00h
Lecture Hall Y03 G91
University of Zurich, Irchel Campus
Dr. Gioia Althoff
Sophia Genetics, Switzerland

Towards Data Driven Medicine

The talk will provide insights into the speaker's own career path and will highlight the clinical genomics solution of the company Sophia Genetics that is quickly spreading throughout Europe and is already used by over 170 hospitals. Sophia Genetics is the global leader in data driven medicine and brings together expertise in genetics, bioinformatics, machine learning and genomic privacy.

The presentation is followed by an aperitif and - for a limited number of students - by a dinner with the speaker. For the dinner, contact emilia.boiadjieva@physiol.uzh.ch not later than August 30, 2016 by explaining why you would like to meet the speaker.

Organization

The event series Vision 2020 is organized by a committee of PhD students of the PhD Program in Integrative Molecular Medicine (imMed):
Institute of Physiology UZH: Marek Whitehead (chair) | Emilia Boiadjieva
Division of Obstetrics USZ: Panagiota Papageorgiou
Division of Gastroenterology and Hepatology USZ: Felix Rost, from PhD Program Microbiology and Immunology
Institute of Physiology UZH: Darya Protsyuk, from PhD Program Cancer Biology
Institute of Molecular Life Sciences: Dezirae Beck
Supported by the SUK Program "Doktoratsprogramme".
