

# VISION 2020 - A PERSONAL PERSPECTIVE ALUMNI-imMed PhD PROGRAM

Thursday, January 14, 2016, 17:30h  
Lecture Hall Y03 G95  
University of Zurich, Campus Irchel

## Female perspectives

Two thirds of the imMed PhD students and alumni are women! The 2016 imMed alumni event focuses on women's careers. The following imMed alumnae will share their career and experiences from the female perspective.

**Charlotte Maag** finished her PhD in the field of glycobiology in February 2010 and is now a Clinical Research Manager at MSD Merck, Sharp&Dohme in Lucerne. Her son is 1.

**Federica Storti** finished her PhD in the field of hypoxia in February 2015 and works as a postdoc at the Lab for Retinal Cell Biology at UZH with a Roche fellowship.

**Susanna Sluka** finished her PhD in cardiology research in May 2013 and is now the Deputy Head of the Newborn Screening Lab at the University Children's Hospital Zurich.

**Jeannine Winkler** who finished her PhD in the field of hematology in July 2012, and

**Magdalena Herová** who finished hers in the field of molecular biology in September 2013, work both at the Biotechnology Space Support Center and support astronauts doing biological experiments on board the International Space Station. Magdalena's sons are 4 and 1.

The talks will be followed by an apéro riche where the current imMed students and the imMed alumni - **both male and female** - have the opportunity to meet and network.
